

# CUSTOM MANUFACTURING

Bags, film and tubing are made through a process called blown film extrusion. It's where polyethylene is melted and extruded vertically into a bubble which then makes its way downstream to be slit, folded or sealed.

With over 53 extrusion lines in 5 manufacturing facilities, Laddawn produces custom LD and LLD polyethylene bags, tubing and sheeting from 4" to 150" in gauges of 0.75–8 mil. You can choose from 14 stock colors, 4 venting styles and a host of performance additives.

## Made in the U.S.A. by Laddawn

Laddawn-made custom items can be manufactured with Laddawn's Smart Tech Bags® technology, engineered to provide over 3X the impact and 2X the tensile strength of traditional low-density polyethylene. Exclusively manufacturing in the U.S.A., Laddawn is ISO 9001 registered.

## 100% Renewable Energy

All Laddawn-made products are manufactured with 100% renewable energy from sources like wind and solar power.

## Laddawn's Custom Guarantee

If your customer decides the bag you ordered should be different for any reason, just send it back and we'll make the replacement.

## MATERIALS AVAILABLE

**Anti-Block** additive for easy opening and loading

**Anti-Static** additive for all static-dissipative film

**Clarity** for improved visibility of film contents

**High-slip** additive for reduced friction between film

**LDPE** low-density polyethylene for standard strength film

**LLD** linear low-density polyethylene for high-slip film

**LLDPE** linear low-density polyethylene for higher-strength film

**Metalocene** additive for high-strength film or cold storage

**Non-Slip** to increase friction between film

**Non-Scratch** for a smoother film surface

**Postal-Approved** Higher-slip & anti-static additives for film used in USPS mailings

**UVI/UVA** Ultraviolet Inhibitor/Absorber to protect film and contents

**VCI** Vapor Corrosion Inhibitor for film to prevent rust

## QUOTE ONLINE IN SECONDS

Getting pricing and lead times has never been easier or faster. Enter as little or as much information as is important to you to get pricing and lead times from Atlanta, Boston, Cedar Rapids, Dallas or Reno in seconds. Share with colleagues or mark up and share with customers with your logo right from Laddawn.com.

## BAG, TUBING & SHEETING STYLES

### Layflat & Gusseted Bags

### Reclosable Bags

### Continuous Tubing & Sleeves

### Continuous Sheeting\*

\* Sheeting can be continuous or perforated.
