

HIGH-DENSITY (HD)

Laddawn High-Density Polyethylene Liners, made with 100% prime material, provide extra strength at lighter weight.

Our HD Can Liners are star-sealed and stocked in gauges from 6 to 22 Microns (25.4 Microns = 1 Mil). Flat packed or wound on coreless rolls, these liners are provided in convenient dispenser boxes.

PRODUCT FEATURES

- ▶ Made with 100% prime HDPE
- ▶ 100% Recyclable
- ▶ Star-sealed
- ▶ Packaged in convenient dispenser boxes
