## CUSTOM PRINTING

Laddawn provides custom printed bags, film and tubing, with print jobs ranging from single-color suffocation warnings and recycle symbols to two-sided printing of complex multi-color images with bar codes. We offer Random Repeat as well as Registered printing. Printed items can be quoted online in just minutes at Laddawn.com using the Laddawn Print Designer.

### What is Random Repeat Printing?

Random Repeat printing repeats an image or block of text a specific distance apart. The images may land on perforations resulting in the top of an image on one side of a perforation and the bottom on the next. We guarantee at least one full image per bag.

### What is Registered Printing?

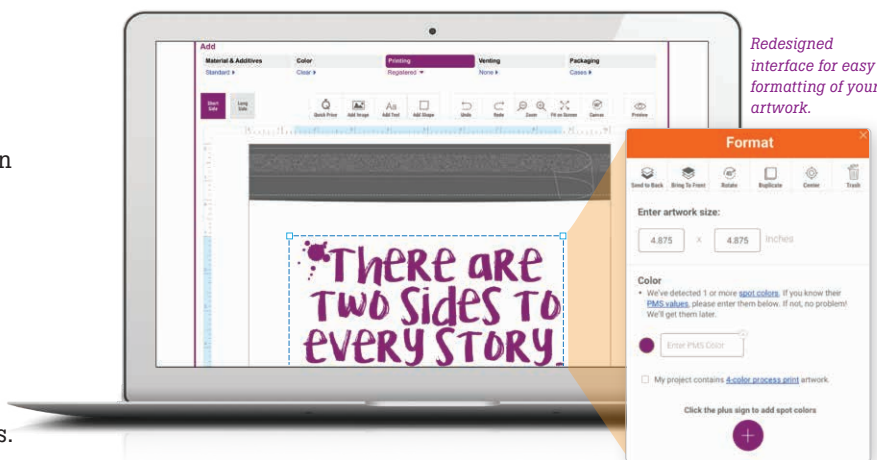

Registered printing refers to the defined placement of an image and/or text on a bag. Artwork prints once on each bag, in the same location. Artwork can be single color or multicolor including PMS spot color or CMYK process colors for photographic-quality images.

### Laddawn's Custom Guarantee

A Laddawn Print Concierge will follow your order through to completion. If your customer decides the bag you ordered should be different for any reason, just send it back and we'll make the replacement. Contact Laddawn's Customer Experience Team or log on to Laddawn.com for instant custom pricing.
