HAND STRETCH FILM

Our Hand Stretch Film offering includes the most popular cast, blown, pre-stretched, and narrow width banding films. Hand Stretch Film secures and stabilizes heavy pallet loads and protects the products from damage while in transit. In addition to excellent puncture resistance, high clarity allows for easy visibility and bar code reading.

Hand Stretch Film is stocked in gauges from 24 to 80 Gauge (100 Gauge = 1 Mil).

PRODUCT FEATURES

- ▶ All our Hand Stretch Blown, Cast, and Pre-Stretched Films are wound on 3" cores.
- ▶ Narrow Width Banding Film comes with 1 handle dispenser per case. Item 14120 comes with 4 1/2" extended core handle.
